Aberdeenshire Promise Champions

Scotland has made a promise to care experienced children and young people. By 2030, we will have made radical changes to our services to ensure that all children grow up loved, safe and respected. Whilst much of the responsibility sits within children's services, every service across Aberdeenshire has a role in helping #keepthepromise.

We are looking for one or more representatives from every service across Aberdeenshire Council and external agencies to join us as a Promise Champion. Promise Champions would be responsible for contributing to keeping the promise within their service. They will champion good practice, share innovative ideas, and collaborate across services.

We are keen to ensure that every service and organisation has at least one Champion, however for those who feel they are unable to commit to the role of a Champion, there is also the option to make a commitment to be a Supporter of the Promise. The table below outlines the roles/expectations of each:

PROMISE CHAMPION	**PROMISE SUPPORTER**
• Has a passion for improving the experiences of children, young people, and their families. • Has confidence and courage to challenge ways of working. • Has the ability to raise awareness of The Promise in their service. • Wants to take a **proactive** approach to helping Aberdeenshire keep The Promise. • Attends Promise Champion meetings which are arranged approx. every 8 weeks. • Has access to The Promise Champion's MS Teams space.	• Has a passion for improving the experiences of children, young people, and their families. • Access to the Promise Champions Teams space to know what work is happening within Aberdeenshire. • Quick access to support/advice from active Promise Champions • **No expectation of attendance at Promise Champion meetings.**

Those interested are asked to complete a very short MS Form HERE

Applications are welcome at any time.

For further information, or to understand how being a Promise Champion fits in to your role, please contact:
